CMS Final Rule 0057-F Prior Authorization Requirements

List effective 12/31/2025

Beginning in 2026, the CMS Interoperability and Prior Authorization Final Rule (CMS-0057-F) requires health plans to publicly publish annual prior authorization information on their websites. This information includes prior authorization requirements in effect for Calendar Year 2025, as well as select utilization management performance metrics.

Ambetter from Superior Health Plan requires prior authorization (PA) as a condition of payment for many services. This Notice contains information regarding such prior authorization requirements and is applicable to all Health Net products offered by Ambetter from Superior Health Plan.

Ambetter from Superior Health Plan is committed to delivering cost effective quality care to our members. This effort requires us to ensure that our members receive only treatment that is medically necessary according to current standards of practice. Prior authorization is a process initiated by the physician in which we verify the medical necessity of a treatment in advance using independent objective medical criteria and/or in network utilization, where applicable.

It is the ordering/prescribing provider's responsibility to determine which specific codes require prior authorization.

Please verify eligibility and benefits prior to rendering services for all members. Payment, regardless of authorization, is contingent on the member's eligibility at the time service is rendered. Services provided by Out-of-Network providers are not covered by the plan, without prior authorization.

For complete CPT/HCPCS code listing, please see Online Prior Authorization Tool on our website at https://www.ambetterhealth.com/en/tx/provider-resources/manuals-and-forms/pre-auth/.
