1 Find Doctors and Facilities in Your Network

When you need to access care, your Ambetter HMO plan uses providers from the **Ambetter HMO Individual & Family Plan network**. These include doctors, specialists and hospitals.

Any services you get from out-of-network providers are not covered (except for emergency or urgent care and services approved by Health Net).

To find providers, visit myhealthnetca.com and click on *Find a Doctor*.

Your physician group and primary care physician

Every member has a doctor who is their Primary Care Physician (PCP or primary doctor). Your PCP helps you stay healthy and takes care of you when you are sick. **If you need to see a specialist or other providers you must receive a referral from your PCP first.** Self-referrals are allowed for obstetrician and gynecological services, and reproductive and sexual health care services. **Note:** Some of the covered benefits under your plan require prior authorization before services are received. Please refer to your Plan Contract and Evidence of Coverage for details on what services (including prescription drugs) require prior authorization and how you request approval.

You may have picked a physician group and PCP when you enrolled. If you did not, one was assigned to you from the Ambetter HMO network. Your physician group and PCP's names are listed on your Health Net member ID card. If you want to change your PCP, log in to your member account at myhealthnetca.com (see page 2), then go to *Select/Change PCP*.

Don't forget to have your PCP select specialists and providers from the Ambetter HMO Individual & Family Plan network.

2 Set Up Your Online Member Account

This site is here to help you understand and manage your Ambetter from Health Net plan.

To set up your account, go to **myhealthnetca.com**. In the For Members section select *Create an Account* and follow the instructions to register/create an account. You will need your member ID number or your Social Security number to register. Once your account is set up and your health coverage begins, you can:

- Print a temporary member ID card or order a new card.
- Pay your bill and set up automatic bill pay.
- Find a doctor, urgent care or hospital in your network.
- Change your primary doctor/PCP.
- Review your health plan and pharmacy benefits.
- Find programs to help you manage weight or stop smoking.
- And more.

3 Get your Member ID Card

All new members will get a Health Net member ID card in the mail.

Your member ID card includes:

- **Your member ID #.**
- **Starting date of your health coverage.**
- **Your PCP name and contact info.**

Show this card to your provider when you get services. If you have not received your member ID card by your effective date and you need services, please visit **myhealthnetca.com** or call the Customer Contact Center:

- **Call 888-926-4988 (TTY: 711) if you enrolled through Covered California.™**
- **Call 800-839-2172 (TTY: 711) if you enrolled directly with Health Net.**

4 Learn Where to Get Care

Your plan offers a variety of ways to get the care you need, when you need it.

At a doctor's office

Your primary doctor

Go to your primary doctor (also called your primary care physician or PCP) for routine and preventive care. This includes annual wellness exams, illness, vaccinations, and general medical care.

Your primary doctor's name and number are on your Health Net member ID card.

Other in-network providers

Get care from other doctors, specialists or providers (like urgent care or hospitals) in your network. Your primary doctor's referral is required except for emergency care, urgent care and services approved by Health Net.^{1, 2}

To find providers in the Ambetter HMO network, visit myhealthnetca.com and click on *Find a Doctor*.

Behavioral Health Providers

Get mental health services like:

- Counseling
- Psychotherapy
- Treatment for addiction
- Psychiatric services

You don't need a referral from your primary doctor. And, you can check to see if you can obtain your sessions by phone or videochat.

Find a therapist or psychiatrist by calling the Mental Health Benefits number listed on your Health Net member ID card.

At home

Telehealth

See if your doctor offers telehealth services. Telehealth services through your doctor are subject to the same copayments as if the service was delivered in person. This is ideal when you can't meet with your primary doctor, or their office is closed.¹

Teladoc Virtual Visits

Teladoc Health (Teladoc) offers virtual health care that's convenient, with confidential access to quality U.S. board certified doctors. Teladoc is an option when you can't see your regular doctor. **You can book appointments through the Teladoc app, website or by calling 800-TELADOC (835-2362).**^{1, 3}

24/7 Nurse advice line

Get advice from a registered nurse on whether to seek medical care or how to care for illness and injury at home, like self-care for minor injuries and illness like fevers and the flu. Our nurses are trained to ask the right questions to help you get the care you need and the help to better manage your health.¹

Call 800-893-5597 (TTY: 711)

In a clinic

Urgent care centers

Get same-day care for non-emergency illnesses or injuries.¹ Some urgent care centers now offer **X-rays and lab tests**, too.

To find an urgent care center in your Ambetter HMO network, visit myhealthnetca.com and click on *Find a Doctor*.

You are in the Ambetter HMO Individual & Family Plan network.

¹Go straight to the nearest emergency room or call 911 if you have an emergency.

²Self-referrals are allowed for obstetrician and gynecological services, and reproductive and sexual health care services. There is no coverage for out-of-network services except for emergency care, urgent care and services approved by Health Net.

³You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through Teladoc will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through Teladoc, you consent to receive services via telehealth through Teladoc. See your health plan coverage document for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through Teladoc. Unless you choose otherwise, any services provided through Teladoc shall be shared with your primary care provider.

Understand Your Benefits and Costs

Knowing what your plan covers is important. In addition to your monthly bill (also called a “premium”), you pay a portion of costs when you use covered services. These are called out-of-pocket costs. Your out-of-pocket costs are different depending on which health plan you have.

Find details about your share of out-of-pocket costs including copayments, coinsurance and deductibles in your Plan Contract and *Evidence of Coverage* included in this Welcome Kit. You can also refer to your *Summary of Benefits and Coverage* (SBC) document. For a copy of your SBC, go to **myhealthnetca.com**, then under *Our Health Plans*, select *Plan Materials*.

Estimate costs and compare care options

Our cost estimator tool lets you compare estimated costs. With this tool you can **compare estimated costs to find the best prices**. Get estimated average costs for hospital stays, surgeries, X-rays and more.

To use the tool:

1. Log in to your member account at **myhealthnetca.com**.
2. Click on *Coverage*.
3. Click on *Costs and Care Options*.
4. Then click on *Launch Cost Estimator*.

5 Fill Your Prescriptions

When your doctor prescribes you medicine (drugs) there are a few things you need to know.

Refer to the Essential Drug List

Health Net's Essential Drug List (or formulary) is a list of covered drugs selected by Health Net, along with a team of health care providers. These drugs are included because they are believed to be a key part of a quality treatment plan. The drug lists are updated regularly and may change.

The Essential Drug List can be found at myhealthnetca.com under the Pharmacy Information section. Please note, your doctor should get prior approval from Health Net before prescribing some drugs. Then, use pharmacies in your health plan's network – Ambetter Pharmacy Network.

Ask your doctor about generic drugs that may work for you.

Generic drugs are proven to be safe, effective, and typically cost less than brand-name drugs.

If you take medicine for a long-term medical condition, you may be able to fill your prescription through our mail order pharmacy program. A 90-day supply is available. Some drugs may not be available through the mail order pharmacy program.

For more detailed information about prescription drugs, see the Plan Contract and Evidence of Coverage in this welcome packet.

Use pharmacies in the network

You must find and use a pharmacy in Health Net's Ambetter Pharmacy Network in order for your prescription to be covered.

In 2025, to find a pharmacy in your area:

1. Go to myhealthnetca.com
2. Select *Pharmacy Information*, then *Find a Pharmacy*.
3. Select *Ambetter Pharmacy Network*.
