

Mail Service Pharmacy™ and Maintenance Choice® Program

FLEXIBILITY AND REDUCED COST ALL IN ONE

As a Health Net member, you can save time and hassle and reduce your costs by using the CVS Caremark® Mail Service Pharmacy or the Maintenance Choice program.¹

Two options – one choice for convenience!

The mail order program gives you two options for filling and refilling your three-month² maintenance prescriptions:

1 The Maintenance Choice program at a CVS Pharmacy®

Advantages of a CVS Pharmacy retail location:

- Pick up your medications directly from the pharmacy at a time that is convenient for you.
- Same-day prescription availability.
- Talk face to face with a pharmacist.

With both options, you can receive up to a **three-month²** supply of your maintenance medications, usually at a lower cost than if you filled three 30-day prescriptions at a retail pharmacy.

2 The Mail Service Program through the CVS Caremark® Mail Service Pharmacy³

Advantages of the CVS Caremark Mail Service Pharmacy:

- Convenient home delivery.
- Receive your medications in confidential, tamper-resistant and (when necessary) temperature-controlled packaging.
- Have questions? Talk to a pharmacist by phone.

(continued)

¹Not all plans offer Maintenance Choice; please check your health coverage document to see which programs are available to you.

²Actual quantity may vary depending on your plan. Check with the pharmacy for coverage of specific prescription drugs.

³For either option, you may be responsible for a copayment. See the prescription drug coverage details of your health plan for copayment information in your health coverage document.

What is a maintenance medication?

A maintenance medication is a prescription drug taken continuously to manage chronic or long-term conditions, such as high blood pressure, asthma, diabetes, or high cholesterol, and when dosage adjustments are either no longer required or made infrequently.²

Non-maintenance medications include:

- Antibiotics that treat infections.
- Drugs used for pain and/or acute medical conditions.
- Drugs not taken chronically on an ongoing basis.
- Drugs that have a specified course of therapy.
- Drugs for which the physician must occasionally adjust the dose for a patient.

What is the benefit of this program?

Using mail service or obtaining your maintenance medications from a CVS Pharmacy allows you to fill up to a three-month² supply, usually at a reduced copayment, ultimately minimizing your out-of-pocket costs. You'll enjoy the ease and convenience of mail service, or pick up your medications at a time that is convenient for you at a CVS Pharmacy.
