Description

This policy describes clinical indications for medically necessary optical hardware.

Policy/Criteria

- **I.** It is the policy of health plans affiliated with Centene Corporation® (Centene) and Envolve Vision, Inc.® (Envolve) that bandage contact lenses are **medically necessary** for any of the following indications:
 - A. Noninfectious keratitis or ulceration of the cornea;
 - B. Recurrent corneal erosion:
 - C. Corneal abrasion, injury, burn or other trauma;
 - D. Corneal perforation;
 - E. Corneal transplantation;
 - F. Dry eye resistant to more conservative treatment, including frequent artificial tears.
- **II.** It is the policy of health plans affiliated with Centene and Envolve that the following optical lens features are **medically necessary** for any of the following indications:
 - A. Lens tint and ultraviolet coatings
 - 1. Albinism:
 - 2. Congenital aphakia.
 - B. Polycarbonate lenses:
 - 1. Children who have a very strong prescription ($\geq \pm 6$ diopters of spherical equivalence)¹;
 - 2. Children or adults who have vision in only one eye;
 - 3. Children or adults with medical conditions involving a lack of muscular control that require an impact resistance lens (muscular dystrophy, cerebral palsy, etc.).
 - C. High-index, aspheric or lenticular ophthalmic lenses
 - 1. High refractive error (>6.00D)
 - D. Optical prisms
 - 1. Diplopia;
 - 2. Heterotropia;
 - 3. Heterophoria;
 - 4. Esotropia;
 - 5. Exotropia;
 - 6. Strabismus and other binocular disorders.
- **III.** It is the policy of health plans affiliated with Centene and Envolve that rigid contact lenses are **medically necessary** for any of the following indications:
 - A. Keratoconus;
 - B. Following corneal transplantation;

¹ Texas Medicaid allows reimbursement of polycarbonate lenses when the lens power in at least one meridian reaches or exceeds -5.25/+4.00 diopters.

- C. Following resolved ocular trauma resulting in disruption of the overall refractive integrity of the cornea.
- **IV.** It is the policy of health plans affiliated with Centene and Envolve that disposable contact lenses are **medically necessary** for any of the following indications:
 - A. Aphakia;
 - B. Pathological myopia or severe hyperopia (>8.00 diopters in one or both eyes);
 - C. Management of myopia progression in children between the ages of 8 and 12 years old at the initiation of treatment (MiSight soft lenses by Cooper);
 - D. Aniridia;
 - E. Anisometropia with ≥ 4.00 diopters difference in prescription between right and left eyes and best corrective visual acuity of 20/40 or better in the better eye;
 - F. Aniseikonia with unequal image size between right and left eye resulting in intermittent or constant diplopia, suppression or binocular activity or less than 100° stereopsis.
- **V.** It is the policy of health plans affiliated with Centene and Envolve that aphakic or pseudophakic eyewear is **medically necessary** for any of the following indications:
 - A. Congenital aphakia;
 - B. Following cataract surgery with or without intraocular lens.
- **VI.** It is the policy of health plans affiliated with Centene and Envolve that safety frames are **medically necessary** for any of the following indications:
 - A. Children or adults who have vision in only one eye;
 - B. Medical conditions involving a lack of muscular control that require an impact resistance frame (muscular dystrophy, cerebral palsy, etc.).

Background

Payer specific administrative agreements and appropriate federal or state guidelines are followed when providing for medically necessary optical hardware. Payment is made in accordance with the Centers for Medicare and Medicaid Services (CMS) and/or individual State Medicaid guidelines, as applicable. It is required that providers maintain a copy of the material invoice along with a detailed description of the items(s) for all codes manually priced as noted in the fee schedule. When medically necessary hardware is a covered benefit of a Payer, retrospective review will be employed in the form of claim data analysis and targeted medical record review to ensure the medical necessity and appropriate dispensing of optical hardware. Medical necessity is covered in accordance with Payer, Medicare, State Medicaid or clinical policies, with adherence to the most stringent criteria. Consult individual Plan Specifics and the applicable State Medicaid manual for payable services related to medically necessary optical hardware.

Coding Implications

This clinical policy references Current Procedural Terminology (CPT®). CPT® is a registered trademark of the American Medical Association. All CPT codes and descriptions are copyrighted 2024, American Medical Association. All rights reserved. CPT codes and CPT descriptions are from the current manuals and those included herein are not intended to be all-inclusive and are included for informational purposes only. Codes referenced in this clinical policy are for informational purposes only. Inclusion or exclusion of any codes does not guarantee coverage. Providers should reference the most up-to-date sources of professional coding guidance prior to the submission of claims for reimbursement of covered services.

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. "Health Plan" means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan's affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.

This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited.

Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note: For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this clinical policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this clinical policy.

Note: For Medicare members, to ensure consistency with the Medicare National Coverage Determinations (NCD) and Local Coverage Determinations (LCD), all applicable NCDs, LCDs, and Medicare Coverage Articles should be reviewed <u>prior to</u> applying the criteria set forth in this clinical policy. Refer to the CMS website at https://www.cms.gov for additional information.
